## Contents

1	General Tournament Rules	2
2	Match format	2
3	Game format	2
4	Server	2

## **1 General Tournament Rules**

Read the general tournament rules of the current event.  
All the general rules apply to this tournament.

## **2 Match format**

The tournament uses the Conquest best of three match format where every player chooses two decks from two different classes. If a player wins with one deck, he is no longer allowed to play that deck. Additionally, each player knows which two classes his opponent brought. After a player wins two times, he can progress in the tournament.

## **3 Game format**

The tournament uses the Standard game format of Hearthstone. That means only Basic, Classic and Expansion cards from the last two calendar years are allowed to play.

## **4 Server**

The two players fighting against each other will privately match up inside the game.
